

MASTER'S DEGREE IN ENVIRONMENTAL SCIENCE

Area of Concentration In:

POLICY MAKING AND ADMINISTRATION

It is presumed that students have completed prior course work in Political Science as undergraduates. Any student lacking such prior work must consult the Adviser for the Area of Concentration to formulate an appropriate and approved remedial program.

Prerequisites

All students must have or must obtain the equivalent of an Introduction to Economics (e.g., ECO 201-202 at Miami)

Required Courses

Public Sector Economics (ECO 331) (ECO 600 as independent study)	3
Proseminar in Public Administration (POL 661)	3
Proseminar in Policy Analysis (POL 666)	3
Sub-total of hours	9

Electives (two or more courses required to be selected in consultation with the student's adviser from among the following)

Environmental Economics (ECO 534; spring)	3
Urban & Regional Economics (ECO 535)	3
Government and Business (ECO 585)	3
Environmental Law (IES 550)	3
Seminar on State and Urban Politics (POL 650.B)	4
Environmental Politics (POL 650.F; summer only)	4
Seminar on Public Administration (POL 660.A)	4
Seminar on Public Policy Analysis (POL 660.B)	4
Public Budgeting (POL 567)	3
Independent Research in Administrative Law (Research in Law and Judicial Politics, POL 750.C)	4
Sub-total of hours	6-8
Total Hours	15-17

Special topic seminars in Political Science (i.e., those other than 650.F) that carry suffixes may change subject matter from semester to semester. Consult with the Adviser concerning (a) the appropriateness of a particular topic to your concentration and (b) any prerequisite for that topic.

Variations from or additions to the above list may be made with the written approval of your adviser and the IES Deputy Director for Academic Affairs.
